SUMMARY

I am a passionate and dedicated Front-End Developer with expertise in HTML, CSS, JavaScript, Bootstrap, Git, GitHub, MySQL. I am currently pursuing a 3-year Advanced Diploma in Software Engineering (ADSE) from Aptech Malir, where I have completed 8 months of training.

I have hands-on experience in responsive web development, creating modern, user-friendly, and interactive web interfaces. I am proficient in using Figma for UI/UX design and have a strong command of Bootstrap for building dynamic websites. Additionally, I am learning React with Vite to enhance my front-end development skills.

EXPERIENCE

Frontend development

Code Alpha

📅 12/2024 - 01/2025 📍 Remote

I have successfully completed my Frontend Development Internship at CodeAlpha! It was an amazing learning experience where I not only enhanced my skills but also explored new technologies.

I am grateful to the entire CodeAlpha team for providing such a great learning environment. Now, it's time to move forward with even more dedication!

- Highlight your accomplishments, using numbers if possible.

Mobile Assembly

Samsung

📅 11/2021 - 12/2024 📍 Bin qasim

Assembled mobile phones with precision, ensuring high-quality standards. Worked in the production line, maintaining efficiency and accuracy. Followed strict manufacturing guidelines and safety protocols. Collaborated with team members to meet daily production targets.
